DEWITT, NORMAN WENTWORTH [Professor, Victoria College] January 1919 (008)

January 10th, 1919

Professor B. H. DeWitt,

Victoria College.

Dear Professor De Witt:

I have had a talk with Professor Sutton about the proposal to invite the American Philological Association to hold their next annual meeting in Toronto. I will bring it before the next meeting of the Board of Governors and I am sure that they will authorise the invitation, though I do not think any promise can be made as to the use of Hart House, because it will be put under a special committee, and the working of the committee in connection with the house is not yet fully defined, but there will be at least as much accommodation as they had years ago.

Yours sincerely,

President.
